

G82M47

RM:
82

Brands Available: G82M47-3220 E-Z Refuge

EXCITING YIELD PERFORMANCE WITH QUICK DRYDOWN

- Maximum yields on highly productive soils
- Very strong roots for season-long standability
- Strong emergence with great early vigor

Performance By...

G82M47 performs best on highly productive soils. G82M47 is performs well across medium and fine texture soils. G82M47 has a semi-flex ear that performs best around 30,000 plants/A but populations can be pushed higher with great success. G82M47 is also an excellent choice for continuous corn acres.

Seed products with the LibertyLink® (LL) trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in corn and soybeans, and combine high-yielding genetics with the powerful, non-selective, postemergent weed control of Liberty® herbicide for optimum yield and excellent weed control.
